We SEEALL the World Has to Offer

November 25, 2019

Dear Parents/Guardians:

It has been a distinguished pleasure to serve as Principal of The SEEALL Academy these past years. I have had the pleasure of watching our children grow and flourish since September 2006 to the present.

I thank you from the bottom of my heart for entrusting your greatest treasures, your very own children, to my care and guidance. Children remind us all that the world is a beautiful place, and having been bestowed the gift of being a school father has been a deep and cherished honor.

I also extend my warmest and deepest gratitude for your unflagging support these 13 ½ years. At times the journey was daunting, but your trust and confidence have sustained my ongoing responsibility and commitment to our children and the school community.

As I move forward into the new chapter of retirement, know you will always hold a very special place in my heart. Know, too, your children will always remain mine. When asked how many children I have, I answer 1200 now and thousands in the past.

I thank you wholeheartedly once again. You have always made me complete.

Faithfully,

Gary M. Williams
