EXPLORE CAREER OPPORTUNITIES AND LEARN ABOUT CUNY COLLEGES!

The SEEALL Academy is collaborating with the CUNY Explorers Program to offer our Middle School students a "virtual" college tour experience! The CUNY Explorers program gives students the opportunity to "see" different colleges, ask meaningful questions and explore career options through the lens of peer mentoring. CUNY Explorers reinforce the message that all students CAN go to college. College is affordable and students can take steps to prepare for college now. Please encourage your child to participate in this wonderful initiative. It is never too early to think about the future!
